

# Great Country Counta Model

**Model ID: RXin1800133545**

**Front**

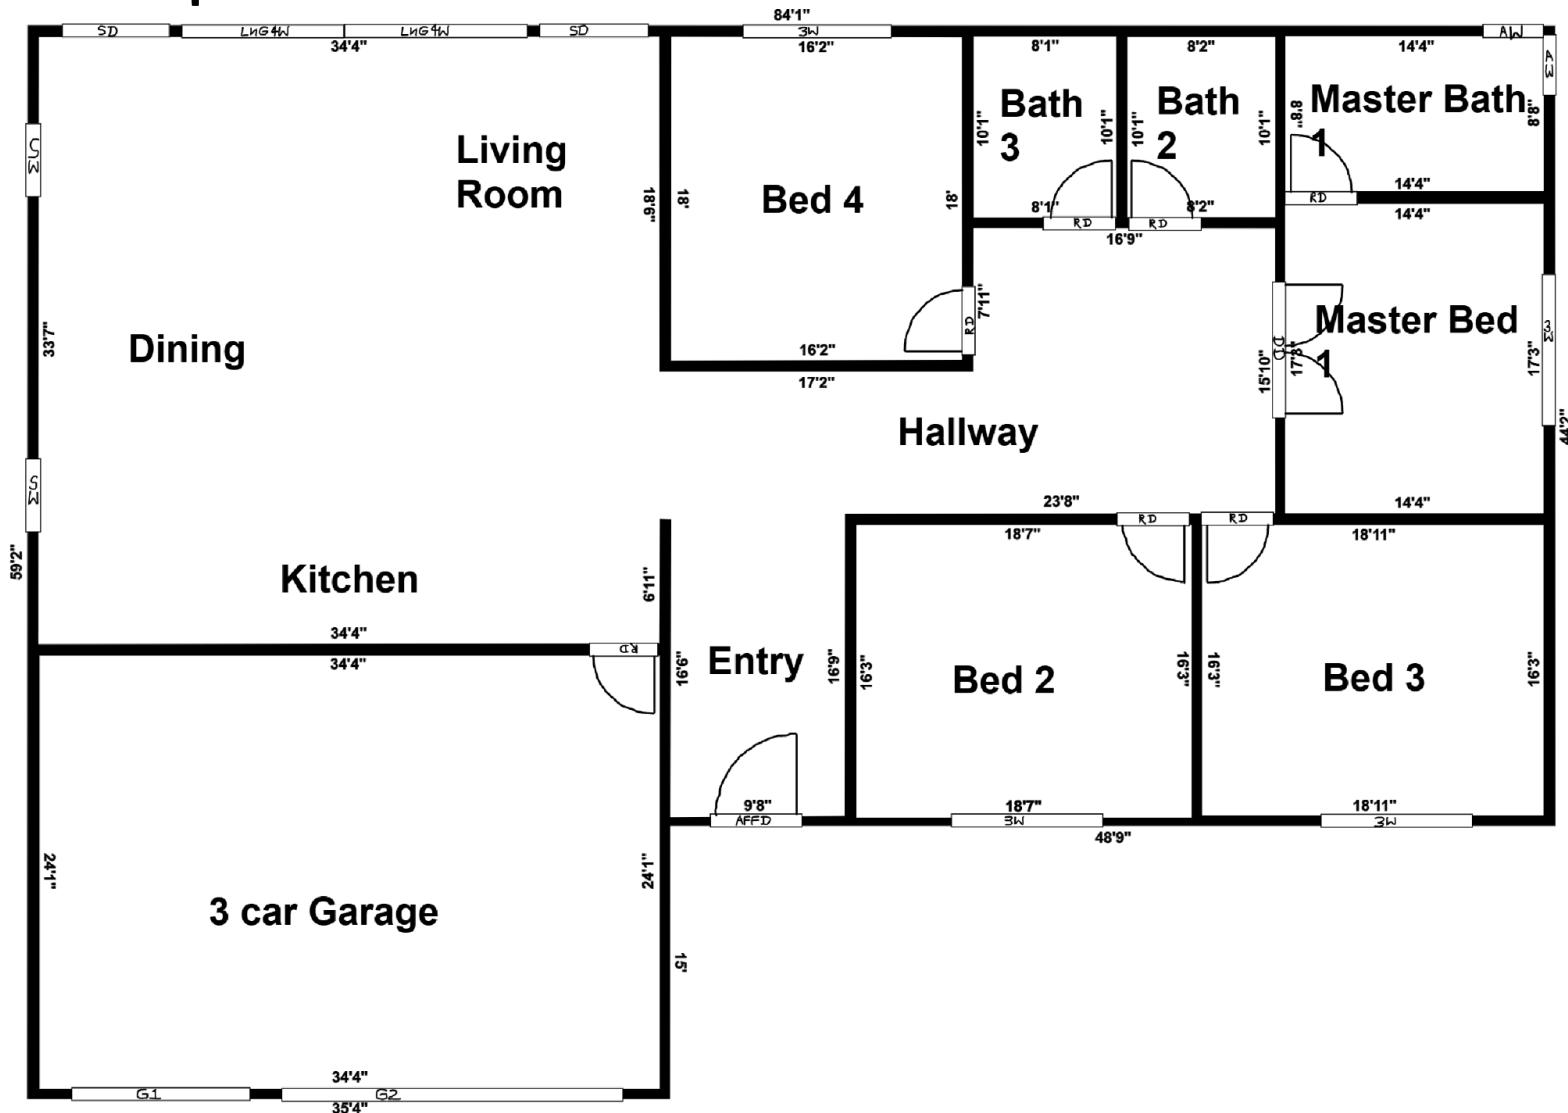

**Back**

**Beds : 4**

**Baths : 3 full**

**Square foot size : ~3158**

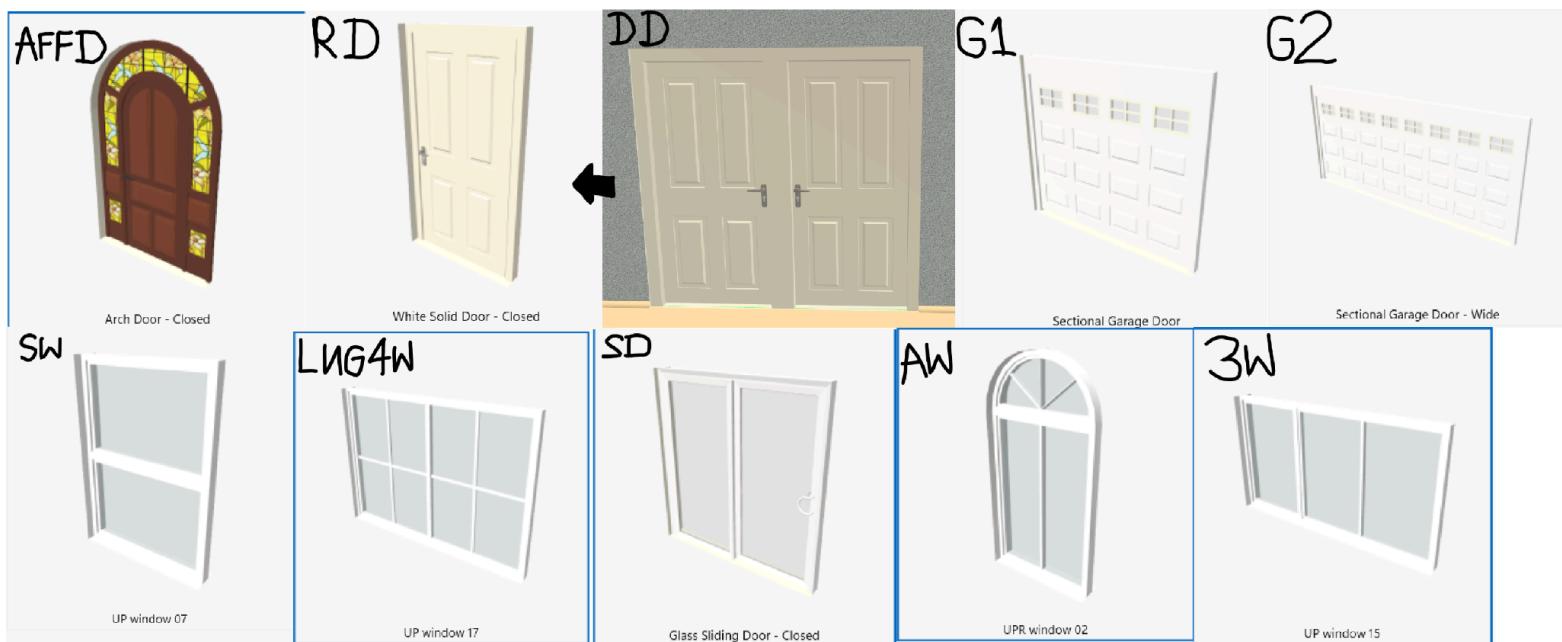

**Floor 1**

# Architecture placement codes.

The floor plan has letters on the White area on the walls floorplan. They represent The Letter and what object is placed on the wall. If you were Not trained with this. Ask a specialist to help you

**NOTE : the floorplans made does NOT have any closet doors placed so You will have to add them if you plan to build it. AND those objects shown the program app did NOT show dimension sizes So I can only give you their Object full name and you can search and analyze the size.**

## **By info**

**3W = Long window with 3 panels.**

## **House Info**

**This 4 bed 3 full bath and ~3158 sqft is a country house that receives lots of materials and history to look like a well care house as the 1985 but now is a modern fan house with better materials matching old country and modern with large**

**spaces and open concepts from dining kitchen and living room. And a giant hallway**

**Rooms layout. Those are image samples so they are NOT real.  
And some is by Airel**

**NOTE Some of the images interior are 120 degrees of FOV due  
to the objects dont show in shorter FOV angle**

### **Floor 1 images interior models**

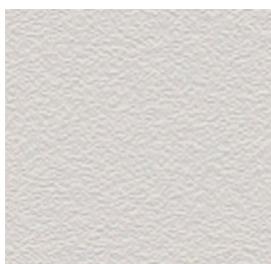

**The Walls thickness is 6 inches. And it shows only Aireal view because its easier for the rooms filling locations**

**Material use (NOTE: This is just the idea of what their material is but is NOT required to be. It can be any texture you choose from. As long if its ok for others.)**

**Kitchen appliance materials are based on the Brands and cannot be controlled. But cabinets and cupboards can**
